## DIFFERENTIATORS

- Cybersecurity (code security) is embedded at the core of our deliverables—zero security compromise, or we walk.
- We provide the best customer engagement experience – every customer is our only customer.
- Our internal development methodologies revolve around the quality of our deliverables – learn, teach and learn cycle helps us constantly improve our methodologies.
- We provide the right nimble team for each project – we accept only projects that we have the right expertise and can provide value for our customers.
- The team holds patents (US Patents # 7774588 and 8214631) in Automated Information System Design and Integration methods.
- The team has numerous publications on System Development, Operations, and Maintenance Services.
